## **DETAILED ACTION**

### ***Specification***

1. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

### ***Claim Objections***

2. Claim 3 is objected to because of the following informalities: The word "Acid" should be "acid". Appropriate correction is required.

### ***Allowable Subject Matter***

3. Claims 1-13 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 1, the prior art of record neither shows nor suggest a method of forming a device including emitters comprising, in part, exposing a first face of a sheet of bundled fiber segments to a reactive liquid to allow first ends of the fiber segments to react with said reactive liquid to remove material therefrom; and exposing a second face of said sheet of bundled fiber segments to a reactive liquid to allow second ends of the fiber segments to react with said reactive liquid to remove material therefrom to expose a coating material, along with the rest of the limitations of the claim.

Due to their dependency, claims 2-13 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2879

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. US 3,582,297; US 3,912,362; US 5,067,792; US 6,584,259 disclose the state of the art for manufacturing emitters.

This application is in condition for allowance except for the following formal matters:

Please refer to the above Office action.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
